PROFILE

Aspiring Java Fullstack Developer with a strong foundation in Core & Advanced Java, Spring and Spring Boot Framework, Hibernate, Oracle and MySQL. Proficient in frontend tech like HTML, CSS, TailwindCSS, JavaScript, and React. Recently graduated in Computer Science, passionate about building scalable web applications and eager to contribute to innovative, growth-driven teams.

EDUCATION

06/2021 - 06/2024 **BSC Computer Science**

Savitribai Phule Pune University, Pune

CGPA: 7.5 / 10

06/2020 - 03/2021 **HSC**

Maharashtra State Board of Secondary and Higher Secondary Education

Percentage: 82 / 100

SKILLS

Programming Languages:

C, Java (Core + Advance), SQL

Backend Technologies:

Spring Framework (Spring Boot, Spring MVC), Hibernate/JPA, JDBC, Servlet, JSP

Tools:

Git, GitHub, Maven, Postman, Apache Tomcat, Jenkins, Docker

Frontend Technologies:

HTML, CSS, JavaScript, Reactjs, TailwindCSS

Database:

Oracle, MySQL, MongoDB

PROJECTS

Quizz Web Application

Tech Stack: Java, Spring Boot (MVC, Data JPA, REST API), MySQL, ReactJS, TailwindCSS, Axios **Description:** Developed a full-stack Quiz Website with separate **Admin Panel** and **User Section**.

- Admin Panel: Enables quiz management with features to create, update, and delete quizzes, questions, and
- users. Includes secure login/logout functionality.

 User Section: Allows users to register/login, view available quizzes, and attempt them. Results are stored
- and retrieved dynamically.
 Implemented backend with Spring Boot and MySQL, and designed a responsive frontend using ReactJS with TailwindCSS and Framer Motion for smooth UI animations.
- Used Axios for efficient API communication between frontend and backend.

ToDo-List Web Application 🛮

Tech Stack: Java, Spring Boot (MVC, Data JPA, REST API), MySQL, ReactJS, TailwindCSS, HTML, CSS, JavaScript.

Description: Developed a full-stack To-Do List application that enables users to create, update, delete, and manage daily tasks effectively.

• Designed a responsive and user-friendly **frontend** using ReactJS with TailwindCSS for styling and JavaScript for dynamic UI behavior.

- Built a **robust backend** using Spring Boot with RESTful APIs, ensuring efficient task handling and data persistence.
- Integrated MySQL database to store task data with proper mapping using JPA and Hibernate.
- Implemented seamless **API communication** between frontend and backend using Axios.
- Focused on clean architecture, validation, and smooth user experience.

Personal Portfolio Website

Tech Stack: HTML, CSS, JavaScript, Next.js, TailwindCSS

Description: Developed and deployed a responsive personal portfolio website to showcase technical skills, projects, and experience.

- Implemented **responsive design** to ensure optimal viewing experience across various devices, improving overall usability by **20%**.
- Used **Next.js** for efficient routing and server-side rendering, enhancing performance and SEO.
- Integrated **TailwindCSS** for rapid and clean UI development.
- Added interactive elements with JavaScript to enhance user engagement.
- Deployed the website on **Vercel**, enabling fast and free hosting with automatic deployment on code updates.

COURSES

07/2024 – 06/2025 **Java FullStack Course** Hyderabad Naresh i Technologies

03/2024 – 05/2024 **Website Designing**

Nashik TechnoKraft Training Solutions
